

# IHEA

Institute of Healthcare  
Engineering, Australia

**INDIVIDUAL**

## IHEA Membership Information

The Institute of Healthcare Engineering Australia (IHEA) is the specialised organisation for professionals working in the healthcare engineering and facilities management sector. We provide a wide range of services and resources to help our members develop their knowledge, and extend their connections across the industry and beyond.

### **Network with industry professionals**

IHEA provides unique opportunities to establish long-lasting connections with other members, industry professionals and clients across a range of networking platforms and events.

### **Attend industry events and seminars**

Throughout the year IHEA facilitates and connects members to numerous events: from seminars and conferences, to networking and trade shows. There is always an opportunity to keep up-to-date with the Healthcare Engineering industry.

### **Access industry-leading professional development**

IHEA provides best-practice technical professional development opportunities through seminars, conferences and resources, and also helps foster peer-to-peer and mentoring support across our member community.

### **Stay informed on industry best practices**

As more effective and efficient technologies and techniques come to light, industry best-practice is always evolving. IHEA prides itself on helping the best ideas and ways of doing things, spread quickly across the industry.

### **Keep up-to-date with the latest industry news and standards**

IHEA brings members the latest industry news and information, including developments and improvements of industry regulations. IHEA is represented on several Australian Standards and regulatory committees, so you'll always be kept up-to-date.

### **Be an active member of the Healthcare Engineering community**

IHEA gives the healthcare engineering profession a public voice, advocating for the industry across Australia. Our members gain confidence in knowing their profession is represented in the best possible way, at all levels of the industry.

**Information – Knowledge – Ideas – Learning**

# INDIVIDUAL IHEA Membership Information

Membership of the IHEA is available to all individuals and companies who are active in, or associated with, Hospitals and Healthcare Engineering and/or Facilities Management.

## Individual Membership

Upon application and assessment, all new individual members are awarded the membership level commensurate with their qualifications and experience and the relevant annual subscription fee applies according to the published fee schedule.

Membership levels for individuals are either Full Member or Affiliate (Tradesperson, Graduate, Interested Person, Student, Retired).

## Learning & Development Program - LDP

As an IHEA Member you will receive automatic enrolment into the 'IHEA Logbook' program as a standard part of your membership.

The new 'IHEA Logbook' is a Mobile App that makes recording professional development activity a breeze. It allows you to:

- Capture all learning activities, both formal and informal, at the time when actually learning - in Workplace Training, Meetings, whilst reviewing Technical Journals & Bulletins, attending Conferences and State Meetings
- Accrue and record CPD points
- Participate in on-line learning activities - you can choose from mobile learning activities including short videos and audio segments on the app
- Keep all your learning and development records, achievements and evidence in one place, where it's always available for update, review and reference

Accruing 100 professional development points every 2 years using the 'IHEA Logbook' process confirms you as a full and endorsed Member of IHEA, active in our industry with current and relevant expertise with rights to the post-nominals 'MIHEA'

Capture of even one CPD activity and point a week will routinely meet the 'IHEA Logbook' member level objective.

Enabling world-class healthcare
