Institute of Healthcare  
Engineering, Australia

**CORPORATE &  
COMMERCIAL**

## IHEA Membership Information

The Institute of Healthcare Engineering, Australia (IHEA), is the professional organisation for engineers and engineering facility managers, employed in both the private and public health care sectors. This includes the Healthcare Engineer, Health Facility Manager, Architect, Consulting Engineer, Builder, Supplier or Service Provider Contractor in health care and all those engaged in Health Care Facilities Management.

### Network with industry professionals

IHEA provides unique opportunities to establish long-lasting connections with other members, industry professionals and clients across a range of networking platforms and events.

### Attend industry events and seminars

Throughout the year IHEA facilitates and connects members to numerous events: from seminars and conferences, to networking and trade shows. There is always an opportunity to keep up-to-date with the Healthcare Engineering industry.

### Access industry-leading professional development

IHEA provides best-practice technical professional development opportunities through seminars, conferences and resources, and also helps foster peer-to-peer and mentoring support across our member community.

### Stay informed on industry best practices

As more effective and efficient technologies and techniques come to light, industry best-practice is always evolving. IHEA prides itself on helping the best ideas and ways of doing things, spread quickly across the industry.

### Keep up-to-date with the latest industry news and standards

IHEA brings members the latest industry news and information, including developments and improvements of industry regulations. IHEA is represented on several Australian Standards and regulatory committees, so you'll always be kept up-to-date.

### Be an active member of the Healthcare Engineering community

IHEA gives the healthcare engineering profession a public voice, advocating for the industry across Australia. Our members gain confidence in knowing their profession is represented in the best possible way, at all levels of the industry.

**Information – Knowledge – Ideas – Learning**

# CORPORATE & COMMERCIAL

## IHEA

### Membership Information

Membership of the IHEA is available to all individuals and companies who are active in, or associated with, Hospitals and Healthcare Engineering and/or Facilities Management.

#### Corporate Membership

Corporate Membership is available to companies who have an interest in the Healthcare Industry and is an ideal membership grade for Healthcare Networks, Consultants, Contractors, Installers or Suppliers of related products or services.

Interested companies may choose from two options of Corporate Membership:

- **State corporate membership entitles the company to nominate two (2) individuals to represent the organisation in the relevant state.**
- **National corporate membership entitles the company to nominate two (2) individuals to represent their interest in each of the five (5) State Branches.**

One invoice is issued annually for all group members. Pro-rata invoicing on a per quarter basis is provided for corporate members joining part way through the membership year.

We provide a wide range of services and resources to help our members develop their knowledge, and extend their connections across the industry and beyond.

- e-Bulletins with industry news, events, regulatory & standards updates
- 'Healthcare Facilities', IHEA's high-quality quarterly industry journal
- Local State Branch meetings and Professional Development events including post event networking and social events
- State Annual and National Conference programmes
- A wide range of materials on the Members Portal relating to Standards, Technical Documents, Videos of Webinars and meetings and selected archived e-Bulletins and other publications.

- Access to the IHEA 'Learning & Development Program - LDP' inc' pathways to the IHEA Professional Certificate of Healthcare Facilities Management and RPL into external Tertiary Diploma courses in future.

#### Learning & Development Program - LDP

As an IHEA Member your nominees will receive automatic enrolment into the 'IHEA Logbook' program as a standard part of your membership.

The new 'IHEA Logbook' is a Mobile App that makes recording professional development activity a breeze. It allows you to:

- Capture all learning activities, both formal and informal, at the time when actually learning - in Workplace Training, Meetings, whilst reviewing Technical Journals & Bulletins, attending Conferences and State Meetings
- Accrue and record CPD points
- Participate in on-line learning activities - you can choose from mobile learning activities including short videos and audio segments on the app
- Keep all your learning and development records, achievements and evidence in one place, where it's always available for update, review and reference

Accruing 100 professional development points every 2 years using the 'IHEA Logbook' process confirms your organisation's nominees as full and endorsed Members of IHEA, active in our industry with current and relevant expertise with rights to the post-nominals 'MIHEA'

Capture of even one CPD activity and point a week will routinely meet the 'IHEA Logbook' member level objective.

## Enabling world-class healthcare
